

The Bomber Command Association in Australian Inc. Appeal for an **Australian Garden** at the International Bomber Command Centre.

Background

The BCAA has been asked by many people about making a donation to the IBCC. The BCAA decided that we would collect donations on behalf of the Bomber Command family. This will make it easier for Australians to donate to this cause. In discussion with the Director of the IBCC Ms Nicky Barr it has been decided that our donation will go directly towards an Australian Garden in Honour of all the Australians who served in RAF Bomber Command. The IBCC will design the garden and select suitable Australian plants for the Lincoln climate. So for that reason we have set up this Appeal.
